MSD STONE PANEL: INDIVIDUALITY WITHOUT LIMITS

MSD stone panels offer virtually endless possibilities for customised interiors.

More than 50 different stone designs in our portfolio make sure of that.

Their uses are just as unlimited as their patterns.

The designs are perfect for any interior.

Our MSD stone panels can be found in many restaurants, hotels, spa and wellness centres, as a shop-in-shop solution, on trade fair stands, and across all areas of commercial shop interiors.

ADVANTAGES AT A GLANCE:

- 3D renderings of original stone walls
- Panels in GRP (glass fibre reinforced plastic) and premium quality resin with rock powder finish
- the creates an astoundingly authentic non-fade stone look and feel
- large-area panels up to 3.28 x 1.30 m (4.26 m²) for fast installation
- low weight (approx. 7 kg per m²) in comparison with natural stone
- easy screw connection system for quick installation and removal
- no visible seams – joints are filled and coloured with specialist grout
- most designs are available immediately
