SUITES & STOVES

# WELCOME

Founded in 2005 and based in Stratford-upon-Avon, Evonic Fires occupy a 30,000 sq.ft manufacturing facility. Technological advancements and multi-award winning designs make Evonic Fires one of the leading manufacturers in Europe. The suite & stove collection showcases our range of stylish wall-hung and floor-based electric fires. Featuring Evonic Fires' evoflame® and e-smart flame effects, along with a range of styles and finish options, the suite & stove collection from Evonic Fires offers a heating solution to suit any living space. The simplicity of our suites and stoves enables users to have absolute freedom to situate an Evonic product wherever they please. Our models are all electric, meaning there are virtually no limitations to where an Evonic product can be installed, all you need is a power source. With a huge variety of styles and sizes, our suites & stoves offer incredible scope when choosing the right model for you, and the ease of installation makes for a stress-free process.

# RETAILER NETWORK

With our huge network of dedicated retailers, it has never been easier to find the Evonic fire you are looking for. Our website features a detailed search engine to locate your nearest Evonic Fires stockist, and you can even narrow the search down to find particular ranges or models using our product filter tool.

## SIMPLE OPERATION

Our suites and stoves offer a selection of control options, depending on which model you choose. Our smart fire models are operated using the e-smart cloud app; a user-friendly platform that allows access to your fire's features through your home Wi-Fi, meaning you can select your desired flame effect or switch on your feature lighting at the touch of a button. Our e-smart fires are also compatible with Amazon Alexa and Google Home for voice activated control. Our evoflame® models are controlled through the Evonic e-touch app. The e-touch connects to your appliance via Bluetooth, giving you the ability to control temperature, brightness and time settings all from your smart phone.

## FEATURES

### BESPOKE FUEL BED & LOG SET

Each Evonic Fires model comes complete with a bespoke fuel bed & log set, chosen specifically by our design team to enhance the aesthetic of your fire.

### SCHOTT® GLASS

Our fireplaces utilise the latest **SCHOTT®** glass to enhance the clarity of your flame effect. **SCHOTT®** is a market leader in glass production, and their products encompass optical interference properties, allowing up to a **90%** reduction in surface reflections on all fires where **SCHOTT Conturan Magic®** is shown. **SCHOTT Clear Float®** glass is produced using the float process, resulting in glass that has a perfectly flat and parallel surface which is available on all fires where **SCHOTT Clear Float®** is displayed.

### LED TECHNOLOGY

By using the very latest LED lighting technology, Evonic Fires produce some of the most vibrant and realistic electric fires in the world.

**Please note:** Evonic Fires prides itself on constant development and innovation. We therefore reserve the right to alter the specification of any Evonic product without formal notice. The images in this brochure are produced using photography and CGI. Although the utmost care has been taken to accurately portray our products, we always advise a viewing in person at an approved Evonic Fires retailer's showroom.

# MDF FINISHES

# COMPTON 1000

Tile options

- 750/1500W heat outputs
- Glass side panels
- Woodland or silver birch log set
- **e-touch** app controlled
- Feature side lighting
- Grey or beige ceramic tiles
- Available in 5 mdf finishes
- **W 1500mm x D 355mm x H 511mm**

## COMPTON 2

- 750/1500W heat outputs
- Glass side panels
- Woodland or silver birch log set
- **e-touch** app controlled

- Feature side lighting
- Grey or beige ceramic tiles
- Available in 5 mdf finishes
- **W 1120mm x D 310mm x H 514mm**

## EMPIRE 2

- 750/1500W heat outputs
- Glass side panels
- Woodland or silver birch log set
- **e-touch** app controlled
- Feature side lighting

- Grey or beige ceramic tiles
- Available in 5 mdf finishes
- Curved woodwork
- **W 1120mm x D 270mm x H 512mm**

## NIMBUS

- 750/1500W heat outputs
- Glass side panels
- Woodland or silver birch log set
- **e-touch** app controlled
- Oak inlay
- Feature side lighting
- Available in white or black
- **W 1402mm x D 253mm x H 522mm**

## KIBO

- 750/1500W heat outputs
- Available open or glass fronted
- Woodland log set
- **e-touch** app controlled
- Available in 5 mdf finishes
- **W 1258mm x D 241mm x H 845mm**
- Dimensions including plinth - **W 1375mm x D 380mm x H 889mm**

## MIDORI

- 750/1500W heat outputs
- **SCHOTT CONTURAN MAGIC®** front glass
- Woodland or silver birch log set
- **e-touch** app controlled
- Available in black
- **W 527mm x D 319mm x H 619mm**

## WESTFIELD

- 750/1500W heat outputs
- Glass side panels
- Woodland log set
- **e-touch** app controlled
- Feature side lighting
- Grey or beige ceramic tiles
- Available in 5 mdf finishes
- **W 860mm x D 280mm x H 625mm**

## EV8S

Shown with optional 1370mm bench

- 750/1500W heat outputs
- Floating glass panel
- Woodland or silver birch log set
- **e-touch** app controlled
- Overbed illumination system
- Invisible heater
- **W 855mm x D 315mm x H 520mm**

## BANFF 3

Remote control

- 1000/2000W heat outputs
- Curved acrylic front and side panels
- Woodland or silver birch log set
- Available with manual or remote control options
- Full steel construction
- **W 460mm x D 355mm x H 670mm**
